

## TAKE THE EHR BULL BY THE HORNS

The federal economic stimulus package has committed \$19 billion to health information technology (HIT), including direct bonus payments of \$44,000 to qualifying physicians who implement electronic health records (EHR) systems.

The Los Angeles County Medical Association (LACMA), together with the CMA, will help you cut through the red tape and successfully choose and implement an EHR system that's right for your practice.

(More information about this incredible opportunity can be found on the reverse side of this flyer.)

**Don't wrestle the EHR bull  
on your own. Join LACMA today.**
